The Honorable Tom Cole
Chair
House Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chair Cole and Ranking Member DeLauro:

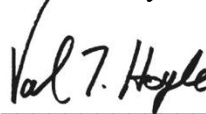

I am requesting funding for the Curry County Communications Tower Infrastructure Replacement project. The entity to receive funding is Curry County, located at 94235 Moore Street, Suite 122, Gold Beach, Oregon 97444.

Funding would be used to replace and upgrade Curry County's failing VHF radio network, modernize the microwave backhaul system that supports dispatch audio and data, and deploy a secure, interoperable dispatch console platform that meets current cybersecurity and performance standards. It would also restore a fully operational tsunami warning and mass notification system for coastal communities in the Cascadia impact zone. The project is an appropriate use of taxpayer funds because it replaces failing communications infrastructure that is critical for a reliable emergency response, public safety and disaster readiness in a high-risk coastal county.

This project has a federal nexus because it is for the purposes authorized in Section 306 of the Consolidated Farm and Rural Development Act, 7 U.S. Code section 1926(a).

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

Val Hoyle
Member of Congress
